

EZFacility Acquires SDA Solutions

Bolsters EZFacility's Position in Europe as a Leading Provider of Software, Management and Financial services for the Fitness & Leisure Industries

Bethpage, New York, (June 22, 2010) – EZFacility, Inc. (a division of Jonas Software), a global leader in scheduling, management and membership software solutions for health and fitness clubs, leisure facilities, sports facilities, and personal training studios, is pleased to announce the purchase of all the shares of SDA Solutions. With headquarters in Leeds, UK, SDA Solutions specializes in providing web-based leisure and fitness center membership, management, CRM, booking and billing solutions for leisure centers, fitness facilities, health clubs, personal training centers and fitness studios.

“We are very pleased to announce the acquisition of SDA Solutions, and happily welcome SDA’s employees and customers to the EZFacility family”, comments Adam Zeitsiff, Chief Executive Officer of EZFacility. “SDA has developed one of the most robust and feature-rich leisure and fitness center management systems available in the market today. They have built a large base of highly respected customers, including some of the most well known leisure and fitness brands in the UK. We look forward to working with the SDA team to expand their presence throughout the European market, and continue to build upon their leadership position.”

“Everyone at SDA Solutions is delighted to be joining the team at EZFacility and Jonas Software”, said Stuart Dyson, founder and Managing Director of SDA Solutions. “Joining a company with a deep understanding of the benefits of web-based software solutions and a proven track record of success, presents a wonderful opportunity for our customers, employees and business partners.”

EZFacility will continue to promote and build the SDA brand and is fully committed to the future investment and development of their software products and financial services. The entire SDA team in their Leeds, UK office will remain with the company and help contribute to its future growth. Stuart and Susan Dyson will continue providing their vision, industry expertise and leadership skills to SDA, and will assist in the growth and expansion of both their products and market presence for the long-term.
